BOOK SYNOPSIS

A Blasphemous Truth is an up-close and personal account of how a born-and-raised Southern Baptist Texan finds his religious faith crumbling beneath him as he says goodbye to the churches and steeples of Christianity and hello to the mosques and minarets of Islam. But after 18 years, once again faith wanes, walls crumble and this time so does Aamir's faith in the idea of god altogether. Aamir's religious, cultural and philosophical journey includes stories from a trailer park in Texas to the most highly contested piece of real estate in the entire world: Al Harm Al Shareef in Palestine; from a Sufi jewelry shop in Turkey to an aircraft carrier in the Persian Gulf. This evolutionary pilgrimage leads Aamir to follow a string of logic to reveal one of the happiest, healthiest and most gratifying philosophical destinations there is: Freedom of Thought. A Blasphemous Truth is a book of... * Help for anyone struggling to let go of long held beliefs that no longer make sense; * Inspiration to show how people really can live a good, moral and meaningful life without worshiping god; * Support for anyone struggling with their own faith and fear of letting go of god; * Perspective for those who are curious about the lifestyles and cultures of some Islamic and Christian communities.
