BOOK SYNOPSIS

Now that he has finale begun to avenge the death of his friend and the threat against his crew, some pressure has been released from Capone's shoulders...until he finds out that there is an innocent bystander that falls victim to his ferocious bullets, and she is a member of the crew. Once the crew finds out who the victim is, complete mayhem begins to unfold and the tangled web of messy drama starts to weave. Trust is damaged, bonds are broken, and love disintegrates into hate. Now that Capone knows who Capri's past consists of, he feels as if he has been sleeping with the other side and walks away from her for good with spews of hateful words and threats that Capri perceives as unforgivable. He tries to ignore the aching in his heart by turning it into the rage that he needs to find Shug and complete his vengeance once and for all. Capone's pain triggers the savage that Capri had managed to put to sleep with her unconditional love. He returns to the beast that he used to be, and wreaks havoc on everything and everyone in his path. Capri can't believe that she fell so hard and so fast that before she knew it, she wound up disrespected, hurt and alone. All she wants to do is focus on her children and put her life back together again. However, both Capone and Capri can not deny that despite the efforts that they put into moving on, the heart wants what the heart wants. But sometimes what the heart wants can get you hurt, killed, or both. With new faces coming into the picture, more drama, and more mayhem, will Capone and Capri's love concur all?
