BOOK SYNOPSIS

“An unforgettable nonfiction thriller, expertly reported....A tremendously revealing and twisted ride, where life and death are now mere cold cash commodities.”

—Michael Largo, author of Final Exits Award-winning investigative journalist and contributing Wired editor Scott Carney leads readers on a breathtaking journey through the macabre underworld of the global body bazaar, where organs, bones, and even live people are bought and sold on The Red Market. As gripping as CSI and as eye-opening as Mary Roach’s Stiff, Carney’s The Red Market sheds a blazing new light on the disturbing, billion-dollar business of trading in human body parts, bodies, and child trafficking, raising issues and exposing corruptions almost too bizarre and shocking to imagine.
